Re: Dugout Canyon Mine Sediment Pond Cleaning, Carbon County, ACT/007/039

Dear Pam:

Canyon Fuel Company, LLC (CFC) is submitting this application to modify the Dugout Canyon Mine's Mining and Reclamation Plan to allow for the pumping the of sediment from the Dugout Canyon Mine sedimentation pond underground. Five clean and redline-strikethrough copies of the modified pages of the M&RP have been included with this letter. A copy has been forwarded to Mr. Steve Demczak of the Division's Price office.

The water and sediment will be pumped into the abandoned and sealed portions of the Gilson seam workings located on the east and west sides of the canyon. MSHA has been notified of our intent to discharge the water to the workings. The mine would prefer to use a portion of the water for dust suppression but this may not use all of the water currently stored in the pond.

If you have any questions regarding these submittals, please call me at (435) 448-2620.

Sincerely,

Gary

Gary E. Taylor
Sr. Environmental Engineer
Canyon Fuel Company, LLC
